Grand Knight Message

May 2024

Now that I have explained the Pillars of the fraternal order of the Knights of Columbus in Fraternity, Unity, charity and the fourth degree in Patriotism, I hope that you have a better understanding of why you became a member of the Knights of Columbus. What I would like to see is that members engage and get involve in the council activities, and there are many. Some of these activities include praying for the sick, reciting the rosary together, donating to the needy and outreach programs, protection the unborn child, raising funds, volunteering and supporting Knights of Columbus programs and many more, there is nothing that you do will not be recognized. We are a Catholic organization supporting the church ideals.

Hence, you are now a member of the largest Catholic Fraternity in the world, and as you grow in faith, you are in a brotherhood built on shared values and on a shared desire th the man God has called you to be. Not withholding, the membership benefits are unsurpassed, life insurance program benefits and many family and personal benefits.

District Deputy Message

Brothers,

Welcome to the home stretch!

After a very successful and wonderful Easter Season in the District, it's time to get ready to button everything up. We will elect new Officers this month, as well as prepare to close out the year and get ready to welcome the new fraternal year. Thanks to all those that stepped up to run and accept Officer roles, but Brothers, it doesn't stop there. Please seek out these newly elected Officers and see what you can do to help them in the upcoming new year. They need Directors, Chairman, Volunteers, Ideas and every bit of Support you can give them.

Let's not lose sight of the remaining year's finishing responsibilities.. Make sure there are no open items needed to complete the Columbian Award and Star Council requirements. Ask your Officers what you can do to help close out and meet these goals. Don't forget to be proud and celebrate all your accomplishments this year. It's not too late to add a few more!

A gentle reminder that this is the Month of Our Lady and the very special gift of the Rosary she gave us. We need Peace, Harmony, Healing and Faith now more than ever. What better tool do we have in our arsenal to help achieve this but her blessed Rosary.

Put your Degree pledge into action this month, remember?
"Carry it with you and pray it often". Let's close out strong and remember the world needs Knights now more than ever!

Vivat Jesus

Kevin

How do you plan the best route?

Spring is here, at least by the calendar, and it will soon be summer. Perhaps you're planning your summer vacation. Maybe you've not only planned it, but you've already booked your hotel, VRBO®, or Airbnb®. Maybe you've gone so far as to purchase plane tickets...or maybe your vacation spot will be within driving distance. You're already thinking of the clothes you'll have to pack and those new pieces that you'll have to buy. You've got a little extra cash saved to buy some special souvenirs. You are researching the area and finding the interesting historical sites to visit. Seeing where the fun spots are...checking out the local places to dine. How do you want to plan your week away?

I'll admit it, I enjoy doing that research, especially when I'm driving. I like looking at maps and seeing what sights there are to see, the historical venues, the local restaurants. I like looking online (and maybe even getting some old fashioned travel brochures) to check out my travel destination. If I'm driving I like to pick a route. Not necessarily the fastest on my GPS though. The fastest route often bypasses the interesting sites. (Think historical Route 66 and all the interesting places along that road!) When I'm all done and I've got everything laid out, I have a certain sense of accomplishment. I know I'm going to have a good time because I've looked at many options and picked the ones that mean the most to me.

I think of working with you, my brother Knights, in much the same way. When I sit down with you and your spouse we start with a financial needs analysis. We "drop a pin" on your map to show where you are now. We enter a destination of where you want to go. What do you want to see for your family if the unforeseen happens? That might be a situation where one of our products, life insurance, long-term care insurance, disability income insurance, or a retirement annuity, may be needed. Think of that product as the vehicle that gets you or your family farther along to a better place on your financial road map. Much like a vacation, we'll make stops along the way, take a look "under the hood," and make sure the strategy is still "running on all cylinders." There are many options to discuss, even within the different lines of products available, to help you get to where you want to go.

Do you have a strategy? May I have the privilege of helping you and your family develop one or fine tune the one you have? I'll be calling soon to set up a time to get together to discuss your financial road map.

Vivat Jesus!

Dear Brothers & Sister in Christ,

This month we will discuss the Heartbeat Protection Act, which went into effect on May, 1, 2024. This law protects unborn life by prohibiting abortions after six weeks gestation. I was at *A Woman's Choice of Jacksonville* on Monday, two days

before the law went into effect and there were approximately **57** women who came to the clinic to terminate, kill or murder their unborn child—whatever is easier to say or digest.

On Tuesday, the very next day, the women who came to the clinic numbered in the 60s. There were so many mom, they could not all fit in the waiting room. Many moms were told to wait in their car and they would get a text when they could enter! This just proves the Culture of Death that our society has adopted—not a thriving culture of life or any respect for life or love of God, the Creator of Life.

On Wednesday, May 1st, the whole atmosphere changed at *A Woman's Choice of Jacksonville*. There were few mothers at the clinic. Two of the eight mothers who came were eight weeks pregnant and did not know the law changed that day. They were turned away. The sympathy that the abortion industry tries to generate for the mothers is a lie and only motivated by greed. It's not just my opinion. It seems that the only allegiance they have is for the devil and their bank accounts.

CNN was present on the premises of the clinic all day on May 1st. Vice President Kamala Harris was scheduled to speak downtown. I was asked by CNN and an international news agency what that day's ruling meant to us. I said it was a victory for all women! To have a strange man rip a perfectly healthy baby from a woman's womb is a blow to motherhood and the dignity of women. Women deserve better. Just then, the big show was about to begin with the interview of the owner of *A Woman's Choice of Jacksonville* and several other murder mill employees. As I walked closer to be able to hear her interview, I could feel the wall of hatred towards me. The evil looks I received was as they wanted to rip me apart and dismember me alive like the abortionist does to defenseless, innocent unborn babies. The abortion industry is pure evil.

I do have a love for women. They are incredible and capable of miracles. However, the lies of people in the abortion industry will strip these women of dignity, respect and love. When these women clear their minds after the procedure, they are left with the guilt of knowing the truth and what they have done. My prayers go out to these women. They need to seek clergy for forgiveness for the act they have committed by killing their baby. Even babies who are born with some abnormalities, just need a little help from his mother. Christ's mercy is unfathomable.

Please let us all never give up in this battle against evil and use all that the Lord has given us to ensure victory, especially in defeating the Amendment to Limit Government Interference with Abortion (#4) on the ballot in November.

As we enter the month of May, where we honor Our Blessed Mother as well as all our earthly mothers, let us love one another as Christ has loved us. *"Jesus, I trust in You."*

Ultrasound Machines

Ultrasound Machines save lives by helping women choose life by giving them the opportunity to view their unborn children at pro-life pregnancy centers. This initiative is funded by Knights of Columbus state and local councils with matching grants from the Supreme Council's Culture of Life Fund.

The Knights of Columbus works together as an organization to purchase ultrasound machines for qualifying pregnancy centers. Discounted prices for select machines are offered through preferred pricing agreements arranged by the Supreme Council. The list of preferred machines is provided to sponsoring councils after the pregnancy center is approved for funding by the local diocese and the Supreme Council. After the state and/or local council raises 50% of the cost, the Knights of Columbus Supreme Council will provide the other 50% to complete funding for purchase of an ultrasound. Or, if the council raises 100% of the cost of a vehicle outfitted to serve as a mobile medical unit for a pregnancy center, the Supreme Council will provide 100% of the funds for an ultrasound machine to be used in that vehicle.

SUPREME CHAPLAIN'S MONTHLY CHALLENGE

MAY 2024

"Holy Father, keep them in your name that you have given me, so that they may be one just as we are." (Gospel for May 12, Jn 17:11b)

Jesus desires that his disciples be united in his name: one body, one faith, one church. It is vital for our own families to remain united in faith. It is not easy to raise and form children in the Catholic faith in today's confused culture. But as Holy Cross Father Patrick Peyton, the "rosary priest," said, "The family that prays together stays together." Let us keep our family united by staying united to Christ in prayer.

Challenge by Supreme Chaplain Archbishop William E. Lori:

This month — the month of Mary — I challenge you to pray the rosary daily with your entire household, offering at least one decade for the unity of your family and the Church.

Questions for Reflection:

Do you pray regularly with your family beyond grace at meals or attending Mass? In what ways might praying together increase your family's unity? What are some simple, specific ways you could practice family prayer in your home?

Honor Flight

Worthy Brother Sir Knights

Sunday morning when SK Ken Wall, age 93 and I, age 85, returned from our First Coast Honor Flight to Washington DC, we were totally blown away when we arrived at Jacksonville Airport and found that we had a Color Corps welcome waiting for us at 1:30 AM !. In my 6 years of being a CCC I have never had a call-out at that time of the night!

CCC Lou Manz of St. Catherine of Siena Assembly 3154 from St. Catherine's in Orange Park and 4 of his Color Corps were waiting for us. Our Brothers went above and beyond to honor the 21 returning veterans from our First Coast Honor Flight.

In attendance were SK's Johnny Thielen, age 81, Raul Tecson, age 66, Dan Wehby, age 73, Travis Logerwell, age 47, and Lou Manz, age 71. Of course the airport would not let them bring their swords, but their salutes were much appreciated by these two old Navy Vets and brother CC Knights.

Florida District Marshall Dan McIntyre confirmed with FN Tom Scherch of St. Catherine of Siena Assembly #3154 that they have been providing an Honor Guard for the Honor Flights for several years. Their Assembly also donated \$6000 towards Honor Flight expenses.

Thank You to all who helped to make such a memorable moment for SK Ken Wall and me. A special thanks goes out to SK John and Lady Margie Check who drove up and back to Jacksonville twice in the wee hours to bring us there and home again!

What Is It Like to Receive the Eucharist in Space?

A Conversation With NASA Astronaut and Catholic Convert Mike Hopkins

Getting to live in space is a challenge and an honor only a very few people will ever enjoy (at least in our generation). Astronaut Mike Hopkins is one of those selected few. He spent six months on the International Space Station (ISS) in 2013. And though he was thrilled when he was chosen for a space mission, there was one Person he didn't want to leave behind: Jesus in the Eucharist.

Hopkins had been received into the Church less than a year before his launch. After a long wait, he was finally able to receive Our Lord at each Mass. Facing the prospect of being off the planet for half a year, he decided he had to find out if Jesus could travel with him. It turns out he could — and he did.

The Register spoke with Hopkins about his desire to have the Eucharist in space, how it worked out practically, and what led to his devotion to the Real Presence.

How is it that you ended up being the kind of astronaut who wants to take Jesus Into space?

Well, it's a bit of a long story. I grew up as a non-practicing Methodist. I met my wife, Julie, in college. She's Catholic, and we started dating and eventually ended up getting married. As part of that process of getting married in the Catholic Church, we agreed to raise our kids Catholic. I didn't have any intentions of becoming Catholic. I felt like it was important for our kids to realize that what was important was their relationship with God, not necessarily whether you're Methodist or Catholic or Protestant or whatever the case may be.

And so we went to church on a regular basis, to the Catholic church. Our kids were born and baptized Catholic, and we've been raising them in the Catholic Church.

Then I got — in 2009 — selected as an astronaut. And this had been a goal, a dream, an objective for much of my professional career. So everything was fantastic, right? We moved down to Houston and became members of Mary Queen Catholic Church here in Friendswood, one of the local parishes. I went through the basic [astronaut] training from 2009 to 2011. And as far as my religious practice, everything was still kind of the same. We were going to the Catholic church, the boys were going to the Catholic youth education programs and being raised Catholic, and yet, when we went to church, I didn't participate in Communion because I wasn't a Catholic.

And then, in 2011, I got assigned to a mission to the International Space Station. I was going to go up and spend six months in space, starting in 2013, so you'd think as far as career goals and family, everything was perfect. I'd become an astronaut. I'd been assigned to actually go into space. My family was doing fantastic. And so everything was good, but, for me personally, I felt like something was missing.

It was hard to put my finger on it, but I eventually decided that "I think maybe I need to become Catholic. I want to participate more in my family's — my wife and my kids' — religious life." I do believe that God has a way of putting people in your life that help you when you have the need. In this case, for me, it was Father Skip Negley, who was the priest at Mary Queen.

At this time, as I'd been assigned to a mission, I was training a lot, which meant I was spending a lot of time in Russia. Therefore, I wasn't able to attend the weekly RCIA classes. And so we [my wife and I] went and talked to Father Skip, and he said, "Look Mike, I'm willing — when you're here for the two- or three-week [intervals], we'll get together one-on-one as often as we can. And we'll do it in that fashion." So it would never have happened without Father Skip. Or it would have been, I guess, a much bigger struggle or a much longer process, if Father Skip hadn't taken me under his wing.

I remember one of the first meetings I had with him: [He asked], "Why do you want to be Catholic?"

And I gave the response I mentioned earlier — about wanting to participate more in my family's religious life — and he said, "Mike, that's not a reason to be Catholic."

And so that whole process of these meetings with him was absolutely fantastic for me, because it answered a lot of questions that I had about the Catholic faith. Father Skip was just amazing. And at the end of the day, I realized it was something I needed to do for me.

I was able to get confirmed in the Catholic Church in December 2012, and I was launching in September 2013.

Once I got confirmed though, I have to admit, I still wasn't quite satisfied — because I knew I was going to be gone [in space] for six months.

So I started asking the question, "Is there any chance I can take the Eucharist up with me into space?"

Which isn't something that, you know, is normally done, since you don't self-administer Communion.

Again, God has a way of putting people in your life when there is a need. And Chuck Turner [a deacon as well as the parish facilities manager] and Father Jim [Kuczynski], who had taken over from Father Skip, started asking the questions of the archdiocese: "What would we need to do to allow Mike to take the Eucharist up?" So they really did a lot of the leg work to make it happen, and I was able to take a small pyx up with me that had six wafers divided into four each, so I had 24 opportunities to receive Communion on orbit.

They were able to work it all out with the church; and so, the weekend before I left for Russia — we launch on a Russian rocket from Kazakhstan — I went to Mass one last time, and [the priest] consecrated the wafers into the Body of Christ, and I was able to take the pyx with me.

Augustus W. Simms

Rest in Peace

Augustus W. Simms, 92 of Palm Coast, FL passed away March 24, 2024. Born in Havre de Grace, MD on February 29, 1932, "Gus" attended parochial schools and Howard University in DC, where he graduated with a Masters in Music Education.

Shortly after graduation, Gus entered the Air Force where he attained the rank of 1st Lt. He then joined the Air Force Reserves retiring with the rank of Major in 1979.

On release from active duty in 1957, Gus began teaching music at Howard University; and in 1961 married Yvonne Smith from Iowa. While at Howard, he played at several clubs around the DC area with notable local jazz musicians such as Dave Yarborough, Quentin Warren, Ben Secundy and Steve Novacel.

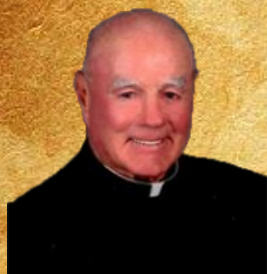

In 1996, after retiring from Howard University, Gus and Yvonne moved to Palm Coast, FL. There he invited local musicians to perform at a jazz concert (An Evening of Jazz) to benefit scholarships to Black students so they could start or continue their Catholic education. Some of the early concerts were held in school cafeterias and featured singers Jan Crawford, niece of Clyde "Piano Man" Crawford (who also lived in Palm Coast until his death in 2005), and Brenda Pinkelton. Later, when the concerts were moved to Seton Hall, singers included Linda Coles (related to Nat), Denise Rose and Em Dinopol as well as perennial favorite Dan Burns. He also performed in various clubs throughout Florida and at the Europa Lounge in the European Village until failing health forced him to stop.

A faithful attendee of St. Elizabeth Ann Seton Catholic church as long as he was able, Gus was a member of the Black Catholic Guild and their prayer group. He was also a member of the Knights of Columbus chapters in Korona and Flagler Beach.

Gus was preceded in death by his parents Philip Scott and Ruth Wilson, step-father John Simms and his wife of 46 years Yvonne (nee Smith). He is survived by Deanna Johnson (sister-in-law) of MD; long-time friends Rose Thurston (DC) and Carol Gaines (FL) several cousins, nieces and nephews, and many friends from Palm Coast.

The family wishes to thank the staff of Peaceful Home ALF and Gentiva Hospice for their care during Gus Simms's final days.

Funeral will be Friday, May 3, 2024 at 11 am at St. Elizabeth Ann Seton Church with Fr. Martin Ibeh officiating. Interment will be at Mt. Olivet Cemetery in DC at a later date. In lieu of flowers, please make a donation to the SEAS Black Catholic Guild (for St. Martin de Porres statue fund). Thank you.

KNIGHTS OF COLUMBUS: MEN ON A MISSION

Charity, unity, fraternity and patriotism. These are the four pillars that guide brother Knights as they put their faith into action in service to God, their families and their communities.
